## OUR ACCOMPLISHMENTS

- Share/Highlight some key accomplishments.
  - The data was a little different between the Provincial Assurance Survey and Horizon's survey. Probably because the Provincial survey was parents of grades 7 and 10 and the division survey was open to all parents.
  - We are actively engaging students and the school community (parents). Our attendance at school council is up to 10 parents. We have had two BBQ's / Show N' Shines. One in the spring and one this fall (Back to School).
  - We are working hard to rebuild our athletic teams. Last May was our first regular grad in three years.
  - Another positive off-shoot of Covid and the online teaching opportunities is the number of staff that use virtual platforms to record and provide their lessons to students.

## ENGAGING OUR COMMUNITY

- *Student success is a collective endeavor.*
- *We encourage staff, students, and parents to provide feedback and response to surveys as we strive to make data-informed decisions.*
- *Parents are encouraged to visit the school and join School Council.*

**COMMENTARY** There were two areas of concern that both dropped by 20 percent. One was parental involvement, and the other was citizenship. Both areas are rooted in the lack of connection and re-engagement in our school community. We need to provide opportunities for parental and student engagement. This will be a topic at our PD and staff meetings as we work toward improving parental involvement and citizenship. We are going to rebuild the relationships that were grown through the multi-graded advisory program.
