HOT LUNCH

June 4— BBQ Beef on a Bun & Donut

June 11 — Chicken Finger Fries

Hot lunch cards can be purchased for \$20.00 via
Cash or E transfer to vauxhallbaseball@gmail.com

STUDENT OF THE MONTH

Grade 7 - Nash Stober

Nash is a genuine and sincere individual who consistently demonstrates kindness and inclusivity. He goes out of his way to make sure everyone feels welcome and part of the group, creating a positive and supportive atmosphere wherever he goes. Nash is also a passionate athlete and an outstanding teammate, always showing dedication, sportsmanship, and encouragement on and off the field. In the classroom, Nash works hard and always gives his best effort. His determination, positive attitude, and care for others make him a true role model and a well-deserving recipient of Student of the Month.

Grade 8 - Cheyanne Tolsma

Cheyenne is a positive and dedicated student who always brings a smile to the classroom and the playing field. She gives her best effort in everything she does—whether it's academics or athletics—and leads by example through her hard work and determination. Cheyanne is a fantastic teammate and a natural leader who lifts those around her with encouragement and support. Her willingness to put in extra time and effort to improve shows her strong commitment to personal growth. Cheyanne's positive attitude, dedication, and leadership make her a truly deserving Student of the Month.

Grade 9 – Kinley McEwen

We are proud to recognize Kinley as our Student of the Month! Kinley has consistently shown a positive attitude and a genuine willingness to engage in class discussions. Her thoughtful comments and unique perspectives enrich our learning environment and often set the tone for meaningful conversations among her peers. When Kinley participates, it encourages others to do the same, creating a more dynamic and inclusive classroom for everyone. Over the past month, Kinley has demonstrated noticeable growth in her understanding of course material. She is clearly invested in doing well and continues to push herself to improve. Her commitment to learning and her contributions to class discussions do not go unnoticed—they are deeply appreciated. Keep up the great work Kinley!

****Student of the month winners can pick up their prizes at the office!****

FUN IN THE SUN!

Get ready for some FUN IN THE SUN on June 12th!

In periods 7 & 8, there will be staff challenges, treats, and some friendly competitions. Check out the advisory board and listen to the announcements to see what activity you would like to participate in, create a team and sign-up!

SAVE THE DATE

2025—2026

YEARBOOK

The 2023-2024 yearbook is available to purchase now at the office. Cost is \$40.
Don't miss out on all the treasured school memories.

For anyone wishing to order the 2024-2025 yearbook, please let the office know.

Over the Easter break, 14 students, 7 parents, and 3 chaperones embarked on an unforgettable 11-day adventure titled *The Alps & The Mediterranean*—a trip chosen by the students themselves! From breathtaking gondola rides to the top of the Swiss Alps to sunny strolls along Lake Como, Cinque Terre, and Monte Carlo, the journey was packed with incredible highlights. We explored the history and charm of the French Riviera, dipped our toes in the Mediterranean Sea, and wrapped up the trip biking through the vibrant streets of Barcelona.

Travel Club Takes on Europe!

Every day was filled with miles of walking, delicious local food, stunning architecture, and rich cultural experiences. So many lasting memories and friendships were made—proof of the incredible gift that travel can be.

Looking ahead, our next Travel Club trip is planned for Easter 2027 and is open to current Grade 9 & 10 students. Mr. and Mrs. Schellenberg will host a lunch meeting in early June to begin planning. If you're interested, come out and have your say—student voice helps decide where we go next!

VHS Vikings 2025 Season

The 2025 Vikings season was a season of what-ifs.

The team had a 4-4 league record and (7-5 overall), but could have easily been 7-1 in league, with three losses coming because of one late inning breakdown in each of those games, which led to the team giving up the lead they had. Poor defence was the issue in every loss.

The Team played in the Riley Martin Memorial Tournament in Brooks and had a record of 2-1.

The Vikings hosted the Tier 1 League Championship and had great community support once again from many sponsors. Unfortunately Mother Nature did not want to see the baseball happen. After a lot of effort to get Jets Stadium ready, the tournament was cancelled due to poor field conditions and bad weather. This was the first time that the tournament had to be cancelled.

Good luck to all the players who will continue to play this summer with the Spurs and Junior Spurs. For the 3 graduating players, this is not the way the season was supposed to end. Good luck in your future endeavors! For all the returning players, we have next year to try and get another banner.

Coach Rob Virginillo

LIBRARY

The end of the year is coming and that means that the library will not be lending books out after June 2nd. All books need to be returned by June 5th otherwise you will be sent a bill to replace the book. The replacement cost of a novel starts at \$10 and the replacement cost of a textbook starts at \$100. We would rather have the book back so please check your locker and at home to make sure that you do not have any library books there. Also, don't forget to bring your textbook back with you on the day of your exam.

Measles Outbreak prompts Standing Measles Exposure Advisory for South Zone

May 23, 2025

SOUTH ZONE - Alberta Health Services (AHS) continues to manage a significant number of cases of measles across the [South Zone](#), including in individuals with no known exposure source. This indicates underreporting of measles disease to AHS, and a widespread potential exposure risk across all communities in the Zone.

As such, AHS is issuing a standing measles exposure advisory for South Zone, effective immediately and until further notice. This standing advisory will replace the use of separate site-specific exposure advisories, which no longer accurately capture the scope of potential risk at this time in the Zone.

All individuals living, working, or attending school in, or travelling to, the South Zone are advised to be aware of the significant current risk for measles disease, and ensure immunizations are up to date.

At this point, anyone in the South Zone who was born in or after 1970 and has fewer than two documented doses of measles-containing vaccine, is at risk for developing measles. They should monitor for symptoms of measles and are strongly encouraged to review their immunization records.

Measles vaccine is highly effective at preventing infection and complications. In Alberta, measles vaccine is offered, free of charge, through Alberta's publicly funded immunization program. The recommended schedule for measles immunization is two doses, the first at one year of age and the second at 18 months.

At this time, those who live, work or travel to South Zone are also currently eligible for additional immunizations:

- Infants who are 6 months up to and including 11 months of age are recommended to receive an early dose of vaccine. However, they should still receive their routine two doses after they reach one year of age.
- If you were born before 1970 and have not been immunized, talk to your healthcare provider about possibly receiving a single dose of measles vaccine.

If you think you have been exposed, and you are not protected against measles you may be able to receive immunization to reduce the risk of infection. A dose of vaccine needs to be given within 72 hours of exposure to prevent measles. Babies under 1 year of age, people with severely weakened immune systems, and those who are pregnant may be able to receive immunoglobulin within 6 days of exposure to prevent disease. Call the measles hotline at 1-844-944-3434 for more information if these situations apply to you or your family.

Albertans uncertain of their immunization history, or their child's immunization history, can check eligibility and/or book an appointment by calling the measles hotline at 1-844-944-3434.

Individuals who are 14 years of age and older can check their [MyHealth Record](#).

If symptoms of measles do develop, individuals are advised to stay home and call the measles hotline at 1-844-944-3434 before visiting any healthcare facility or provider, including a family physician clinic or pharmacy.

Symptoms of measles include:

- Fever of 38.3° C or higher; and
- Cough, runny nose and/or red eyes; and
- A rash that appears 3 to 7 days after fever starts, usually beginning behind the ears and on the face and spreading down to the body and then to the arms and legs. The rash appears red and blotchy on lighter skin colours. On darker skin colours, it can appear purple or darker than the skin around it, or it might be hard to see.

The measles hotline connects you to a professional who can assist with accessing your immunization records or offer general information; provide advice for those experiencing measles symptoms and are feeling unwell; and assist with booking measles immunization appointments or locating a public health clinic offering immunization in your area.

Measles is an extremely contagious disease and the virus spreads easily through the air.

Complications of measles can include ear infections, pneumonia, inflammation of the brain, premature delivery, and rarely death. Persons who are pregnant, less than 5 years of age, or have weakened immune systems are at greatest risk of severe outcomes.

For further information on routine childhood immunization, visit [ahs.ca/immunization](#). You can also learn more from MyHealthAlberta.ca about the [risks of measles](#) and find [frequently asked questions](#).

For the latest information on measles in Alberta, visit [ahs.ca/measles](#). You can also text 'Measles' to 88111 to get measles health information texted to your mobile device.

Alberta Health Services provides a range of healthcare services for more than four million adults and children living in Alberta. Our mission is to provide excellent, patient-focused healthcare that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait times, improving EMS response times, increasing access to surgeries, and improving patient flow.
